**CHRONOLOGICAL BIBLE READING PLAN  
(IN ORDER OF BIBLICAL TIMELINE)**

The chronological Bible Reading Plan lets you enjoy the Scriptures in a fresh, new way. Instead of reading straight from Genesis to Revelation, the books are mixed to represent the order of when the biblical events took place.

The order follows a Biblical timeline (which can be downloaded from our site) and the following periods of Old Testament history: Creation, Patriarchs, Exodus, Conquest, Judges and the Monarchy. Psalms, Proverbs, Ecclesiastes and Song of Songs are all placed during David and Solomon's reigns. In addition, the prophets are arranged during the periods when they preached.

In the New Testament, your reading starts in the gospels and then Acts. Afterward, the epistles are ordered based on the timeframe they were written.

As with all of our Bible Reading Plans, we structure in only 25 days of reading per month to help you stay on track and motivated to continue with your reading goals.
