ONE YEAR BIBLE READING PLAN

(DAILY OT / NT READINGS)

This daily Bible reading plan combines both Old and New Testament readings. By simply investing 10-15 minutes per day to reading the Scriptures, you will finish the entire Bible in one calendar year!

You should note that we have only included 25 readings per month. This is to avoid the frustration of falling behind and giving up on your reading goals. Throughout each month, we have also added in three reflection days, again to keep you fresh and motivated. Use the extra days each month to catch up or reflect on a text that has caught your attention.

If you would like to try other reading plans (chronological, straight through Gen - Rev, etc.) please check out www.free-bible-study-lessons.com. You will also find a great selection of bible study tools and resources there!
